Employment

Senior Front-end Developer at VML South Africa

Duration: 2 Years (2016 - Present)

As a senior at VML South Africa, I oversaw and managed the code being produced throughout my team. I created responsive, accessible, and standards compliant front-end code. I also developed front-end architecture for projects and helped inform technological requirements, limitations and repercussions for future projects. I also have management duties which consist of helping upskill junior developers and perform administrative tasks.

Technologies and Skills: CSS3 • CSS Level 4 • HTML5 • UI • UX • RWD • SASS • ES2015 Javascript
EJS • Agile and Scrum Projects

[Motor Finance Corporation](#)

Front-end Developer and Designer at DStv Digital Media

Duration: 2 years (2014 - 2016)

I created responsive and standards compliant front-end code for web and app consumption at this large corporate in Johannesburg.. Working within multiple agile teams, we created and maintained products. I also lead the way in creating the living style guide that is in use today.

Technologies and Skills: LESS • SCSS • jQuery • JSP • SASS • Javascript • Test Cases • Razor Views
Kanban • Scrum

Front-end Developer at Weekday Heroes Super New Media

Duration: 1 Year (2013 - 2014)

Here I created responsive, accessible, and standard-compliant websites and other web-based products. I built custom themes for WordPress, modified purchased themes and created Yii views. This was of course accompanied by constant maintenance on websites too.

Technologies and Skills: WordPress • HTML5 • CSS • LESS • jQuery • Isotope.js • Bootstrap
Google Maps API • PHP • Yii • Zend

Employment (*Continued*)

Multimedia Designer at Regenesys Business School

Duration: 1 Year (2012 - 2013)

As a Multimedia Designer, my responsibilities evolved from creating artwork and digital banners, to shooting, editing and producing educational and promotional videos. Stand alone web pages were also created for marketing purposes.

Actionscript and Flash Tutor at University of Johannesburg

Duration: 1 Year (2011 - 2012)
